BUILT TO LAST

Framed or Frameless

Framed Cabinets

A solid wood face frame is attached to the front of the cabinet box. Framed construction offers a classic, furniture-like look with added rigidity and definition around every door and drawer.

Solid wood face frame · 1/2" plywood box

Frameless Cabinets

European-style boxes without a face frame, so doors cover the full opening. The result is a sleek, seamless appearance and full-access interiors that maximize storage space.

Full-access design · 3/4" plywood box

Standard on every cabinet: solid wood dovetail drawer boxes · full-extension undermount soft-close slides · soft-close adjustable concealed hinges · plywood shelves · pre-finished for a durable, factory-quality look

Hazelnut Oak

Hazelnut Oak brings a warm, furniture-inspired character to the kitchen. Its natural oak grain and hazelnut-toned finish create depth, warmth and a handcrafted feel, while the textured vertical center panel adds interest beyond a standard Shaker door. It pairs beautifully with light stone countertops, brass accents and transitional or modern farmhouse interiors.

DOOR STYLE	Regular Shaker
CONSTRUCTION	Framed • 1/2" plywood box
DOOR	American oak door
FINISH	Warm hazelnut-toned stain
HARDWARE	Soft-close hinges & full-extension soft-close drawers

SLIM SHAKER • FRAMED

Slim White

Slim White presents a crisp, refined look with a clean white finish and a slimmer recessed-panel profile. Its simple lines create a brighter, more open feeling, ideal for modern, minimalist and transitional kitchens. The smooth painted surface pairs easily with marble, quartz, stainless steel, natural wood, and brushed nickel or brass hardware.

CONSTRUCTION	Framed • 1/2" plywood box
DOOR	HDF door
FINISH	Crisp white painted finish
HARDWARE	Soft-close hinges & full-extension soft-close drawers

SLIM SHAKER • FRAMED

Slim Oak

Slim Oak brings a warm, natural oak tone with a clean and refined profile. The framed construction adds depth and definition, while the subtle wood grain creates a soft, organic texture. Its light oak color brightens the space with a calm, welcoming atmosphere, ideal for modern, Scandinavian, transitional and nature-inspired interiors.

DOOR STYLE	Slim Shaker
CONSTRUCTION	Framed • 1/2" plywood box
DOOR	HDF door
FINISH	Light natural oak-look finish
HARDWARE	Soft-close hinges & full-extension soft-close drawers

Pigeon White

Pigeon White features a soft off-white tone with a subtle warm-gray undertone, creating a calm and elegant feel. Compared with pure white, it offers more depth and softness while keeping the space bright and clean. The refined painted finish gives the cabinetry a polished, timeless look with warmth, balance and understated sophistication.
