Founder & CEO

BUILDING DREAMS. TRANSFORMING HOMES.

Construction experience since 2011 | MJ Remodel established in 2013

Remodeling • New Construction • ADUs • Additions

OUR STORY

My journey in construction and remodeling began in **2011**. Like many small businesses, it did not begin with a large company, a big team, or major construction projects. It began with hard work, learning the trade, taking on smaller jobs, and doing my best to provide quality work for every customer who gave me an opportunity.

As I completed more projects, I started paying close attention to what my customers were telling me. Their feedback, their appreciation for my work, and the value they placed on my ideas and recommendations gave me the confidence to believe that I could build something of my own.

That is what eventually led me to create **MJ Remodel in 2013**.

WHERE THE NAME MJ COMES FROM

The name **MJ** has a very personal meaning to me. Part of the name comes from one of my sons, which is why MJ Remodel will always represent much more to me than simply the name of a construction company. It represents my family, the reason I work hard, and something I hope to continue building for many years.

In the beginning, we focused primarily on smaller residential remodeling projects - bathrooms, kitchens, flooring, painting, repairs, and the everyday improvements families wanted to make to their homes.

Every project became another opportunity to learn. Every satisfied customer helped us build confidence. Every challenge taught us something that made the company stronger.

GROWTH BUILT ONE PROJECT AT A TIME

Over time, our projects became larger and more complex. Eventually, a client trusted us with the opportunity to manage residential construction from the ground up. That opportunity changed the direction of MJ Remodel and showed us how far the company could grow.

Today, our experience includes residential remodeling, kitchens, bathrooms, additions, exterior improvements, ADUs, and new residential construction. We can help guide clients from the early stages of a project - including preparing a property, planning the work, and coordinating plans and permits - through construction and completion.

Our experience has also included work connected with **Desert Flippers** projects in the Palm Springs, Palm Desert, and High Desert areas, including projects associated with homes featured through HGTV programming. We value that experience as another part of the journey that helped our company grow.

A HOME DESERVES RESPECT

We understand that choosing a contractor is an important decision. Whether a client is remodeling one room or building something completely new, the project represents an investment in their property, their family, and their future.

At MJ Remodel, we understand the responsibility that comes with being invited into someone's home. We work to respect the property, the family's privacy, the project schedule, and the budget entrusted to us.

We also believe communication matters. Our goal is to provide clear expectations and realistic pricing so clients can make informed decisions and reduce unnecessary surprises during construction.

WHAT MJ MEANS TO ME

MJ Remodel is more than a business to me.

It represents years of work, sacrifice, lessons, opportunities, and the trust that clients have placed in me and my team. Most importantly, the name itself carries a connection to my family because part of **MJ** comes from one of my sons.

For that reason, MJ Remodel will always be something very important to me.

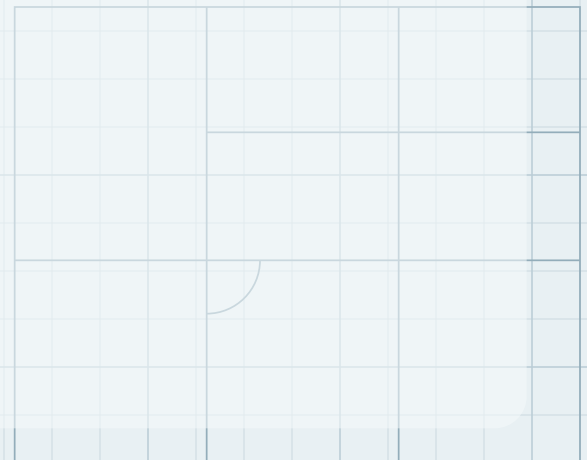

I know that building a company is not an easy road. There will be difficult projects, challenges, mistakes to learn from, and obstacles along the way. But regardless of how difficult that road becomes, **I will always work to take MJ Remodel as far as I possibly can.**

My goal is not simply to make MJ Remodel bigger. My goal is to build a company with a reputation that lasts - a company that families can trust with their homes, their investments, and their ideas.

Every project we complete becomes part of that story.

Founder & CEO, MJ Remodel

THE TRUST AND FEEDBACK OF OUR CLIENTS

We are truly grateful to every client who has taken the time to share their experience with MJ Remodel. We especially appreciate those who have left positive reviews and recommended our company to others. Your trust and support have played an important role in helping our company grow.

We also want to acknowledge and thank those who have shared criticism or a negative experience. We are sorry when a client walks away feeling disappointed with any part of their experience with us. Over the years, we understand that some situations have involved misunderstandings, differences in expectations, or communication that could have been handled better.

We respect every client's right to share their opinion, whether positive or negative. Rather than ignoring criticism, we believe it is important to listen to it, learn from it, and use it as an opportunity to improve the way we communicate, organize our projects, and serve future clients.

Construction can be a complex process, and we know that no company is perfect. What we can promise is that we will continue learning, improving, and working hard to provide every client with the best experience possible.

To everyone who has trusted us, recommended us, supported us, or even challenged us to do better - thank you. Every experience has helped shape MJ Remodel into the company it is today.

A MESSAGE TO YOU

To you, who have taken the time to read about who we are and are considering MJ Remodel for your project - thank you.

Thank you for giving us the opportunity to be considered for something as important as your home and your project. We know you have many options when choosing a contractor, and simply having MJ Remodel in mind means a lot to us.

If you decide to work with MJ Remodel, please know that we will do everything we can to make your experience the best it can possibly be. We will bring our experience, our ideas, our commitment, and our dedication to your project from beginning to end.

We hope to have the opportunity to earn your trust and turn your ideas into something you and your family can enjoy for many years.

Thank you for considering MJ Remodel.
